

Measure your academic competencies and **showcase your skills to future employers!**

Civic Competency & Engagement

Earning a badge based on demonstrated proficiency in a skills-based assessment showcases your practical expertise to potential employers, making you a more competitive candidate in the job market. This credential validates your abilities and signals to employers that you are well-prepared to contribute effectively in your chosen career.

What skills does this test measure:

- Civic knowledge and analytic skills
- Participatory and involvement skills
- Efficacy with political information
- Democratic norms and values
- Civic and political behavior and actions

Earn your Civic Competency & Engagement badge today by achieving a Proficient or Advanced score. Once you've earned your badge, proudly share your success on LinkedIn or other platforms.
