

Demonstrate Foundational General Education Skills

The Territorium E-Proficiency Profile with Official Content by ETS measures core components of a general education program.

**The Territorium E-Proficiency Profile is a single exam that
assesses college-level skills in:**

- Reading
- Writing
- Critical Thinking
- Mathematics

Designed to measure essential academic skills developed through general education courses, E-Proficiency Profile questions include all subject-relevant content knowledge necessary to answer each question.

Provide Clarity to Accountability

Measure individual and cohort performance through programmatic approach, and longitudinally across years and classes.

Benchmark Institutional Performance

Benchmark performance with comparative data from more than 350 institutions and 600,000 students nationwide.

Support Accreditation

Meet ongoing requirements for accreditation with data that verifies performance and institutional funding.

Fuel Continuous Improvement

Evaluate, reflect, and adjust teaching and learning practices based upon learner and cohort data.

Efficient Delivery & Scoring

The E-Proficiency Profile (standard form) is a two-hour exam with 2 sections (54 questions in each section, 108 questions total). A score and proficiency report may be provided immediately upon completion.

Also available as an abbreviated 40-minute version for institutions with results emphasizing group scores.

Efficient Delivery & Scoring

Modules may be delivered and completed within a 50 minute assessment window. With the exception of Written Communication, assessment results can be made available by the institution to the learner immediately upon completion.

On-Demand Assessment Delivery Mechanism

Secure remote delivery and available AI proctoring service meet the availability needs of learners and validity criteria of institutions.

Local Configuration for Impactful Research

Attach a custom survey to any E-Proiciency Profile assessment to collect student data necessary for mining trends specific to the institution, program, or experience.

+ Badges!

Acknowledge proficiency and allow learners to share their accomplishments online in a simple, trusted, and easily verified format. **E-Proiciency Profile badges are issued to testers who achieve the Advanced or Proficient performance levels.**
